

FILE STORAGE, CYBER SECURITY & DIGITAL FORENSICS

DECENTRALIZED AUTONOMOUS ORGANIZATION

NOVEMBER 2021

JACKAL

LITE PAPER

WORKING DOCUMENT

INTRODUCTION

JACKAL File Storage & Evidence Capture Tool

JACKAL aims to be the most secure and transparent way to capture, store, and manage digital files. Using industry-leading digital forensic practices paired with blockchain technology, decentralized file storage, Secret Network, and the Pylon Protocol, JACKAL is in a class of its own.

JACKAL-DAO

JACKAL is managed by a Decentralized Autonomous Organization known as JACKAL-DAO, which aims to attract a community of OSINT researchers, journalists, cyber security analysts, digital forensic specialists, forensic accountants, lawyers, and investigators.

The DAO uses a decentralized governance structure and aims to be a friendly community of contributors proud to make the world a safer and secure place by investigating and probing various subjects.

JACKAL-DAO contributors, service providers, and investors will earn rewards from the revenues generated from the JACKAL Tool and JACKAL Professional Services. These rewards will be paid out in the \$UST cryptocurrency or other stable coins.

PURPOSE

The purpose of this whitepaper is to provide a clear and concise understanding of the vision, responsibilities, and operability of JACKAL and JACKAL-DAO.

FOUNDERS

CORE TEAM

Founder and CEO
Patrick Dunlop

Founder and CTO
Marston Connell

MEET JACKAL

The present version of JACKAL generally relates to a system and method to securely and transparently capture or upload, store, and manage digital files using blockchain technology that meets the digital forensic industry standard from every jurisdiction globally. JACKAL provides decentralized file storage and uses the secret network for an increased security posture to protect the digital files of JACKAL users.

The JACKAL team believes that JACKAL will provide social benefits of transparency regarding the current state of file storage, digital evidence tampering and disinformation. Additionally, in any legal proceeding, whether civil or criminal, the secure and transparent capture and management of digital evidence is an essential element for parties and decision-makers to resolve the issues in the proceeding.

The future use cases and features of JACKAL will be under complete control of the decentralized organization JACKAL-DAO through a voting governance structure and protocols.

And for JACKAL clients, the best part is, JACKAL products and services are fee-less with payments via yield.

With the Defi Pylon Protocol, JACKAL earns revenue while providing a no-fee service where our customers deposit base capital that is entirely untouched and entirely retrievable at any time.

ACTIVITIES OF JACKAL-DAO

CASE STUDIES & INVESTIGATIONS

With the JACKAL community of diverse professionals and hobbyists, JACKAL-DAO aims to investigate and advance the narratives on various subjects that could include the following topics.

- Organized Crime
- Cyber Crime
- Major Conflicts
- Human Trafficking
- Crimes Against Humanity
- Major Thefts & Frauds
- Missing Persons
- Disinformation Vetting

Submitted articles and case studies will be published based on a DAO vote. Authors of published content will be rewarded with \$UST stable coin and/or \$JKL governance token.

CONTENT

As a collective, JACKAL-DAO aims to produce news articles, case studies, guides, podcasts, videos, and learning material. Submitted content will be published based on a DAO vote. Authors of published content will be rewarded with \$UST stable coin and/or \$JKL governance token.

TRAINING

JACKAL-DAO plans to roll out training opportunities in OSINT Investigations, Blockchain Investigations, Digital Forensics, Cyber Security, etc., for JACKAL members and contributors. Offered training topics and training providers will be based on a DAO vote. Training providers will be rewarded with \$UST stable coin and/or \$JKL governance token.

ACTIVITIES OF JACKAL-DAO

PROFESSIONAL SERVICES

JACKAL-DAO plans to offer professional services through Pylon Protocol payments. Future professional services will be determined by DAO vote and may include the following.

- Digital Forensics
- Ransomware Incident Response
- Cyber Security Audit
- Advisory Services
- Digital Privacy Audits
- Forensic Accounting
- Open Source Intelligence
- Executive Vetting
- Cryptocurrency Recovery Investigations
- SOC Monitoring
- Ethical Hacking

All JACKAL-DAO clients will be vetted by a governance vote.

SCHOLARSHIPS

JACKAL-DAO aims to provide scholarships for JACKAL contributors and members to pursue certifications in cybersecurity, forensics, and other IT certifications of their choosing.

CONTRIBUTOR BENEFITS

JACKAL-DAO will provide contributor benefits in various forms that a future governance vote will determine. Some benefits may include the following.

- Decentralized insurance
- DAO matched savings
- Etc.

ACTIVITIES OF JACKAL-DAO

FUNDING & PARTNERSHIPS

JACKAL-DAO aims to secure funding and partnerships in the form of retrievable \$UST deposits to increase our capacity and scale our research capabilities, services, and product features. This will be conducted using the Pylon Payments protocol, and all DAO funding, along with DAO revenue, is managed from a secure multi-signature wallet.

JACKAL will not accept funding or contributions from national governments and will not allow any funding relationship that will constrain JACKAL-DAO from condemning any bodies that provide funds or impact our editorial independence.

IN-KIND DONATIONS

JACKAL-DAO welcomes in-kind contributions of software, hardware, and access to third-party tools or resources. JACKAL will not accept in-kind donations that will constrain JACKAL-DAO from condemning any bodies that provide funds or impact our editorial independence.

DAO ECONOMICS & GOVERNANCE

JACKAL products and services are under the control of JACKAL-DAO and maintained by JACKAL's native governance token \$JKL.

\$JKL is used at each level of governance, representing a financial stake and voting power. \$JKL has a fixed supply that will not grow unless the governance votes on a decision to the contrary in the future.

\$JKL tokens can be acquired in the following ways;

- Primary Issuance
 - Provided by the JACKAL team directly to potential governors.
- Secondary Markets
 - \$JKL can be purchased and sold on secondary markets
- DAO Rewards
 - \$JKL can be acquired through excellence in a variety of ways previously stated.
- Governance Participation
 - Staking \$JKL tokens and being active within the DAO.
- Meta-economic rewards
 - Liquidity provision on automated market makers and other DeFi entities.

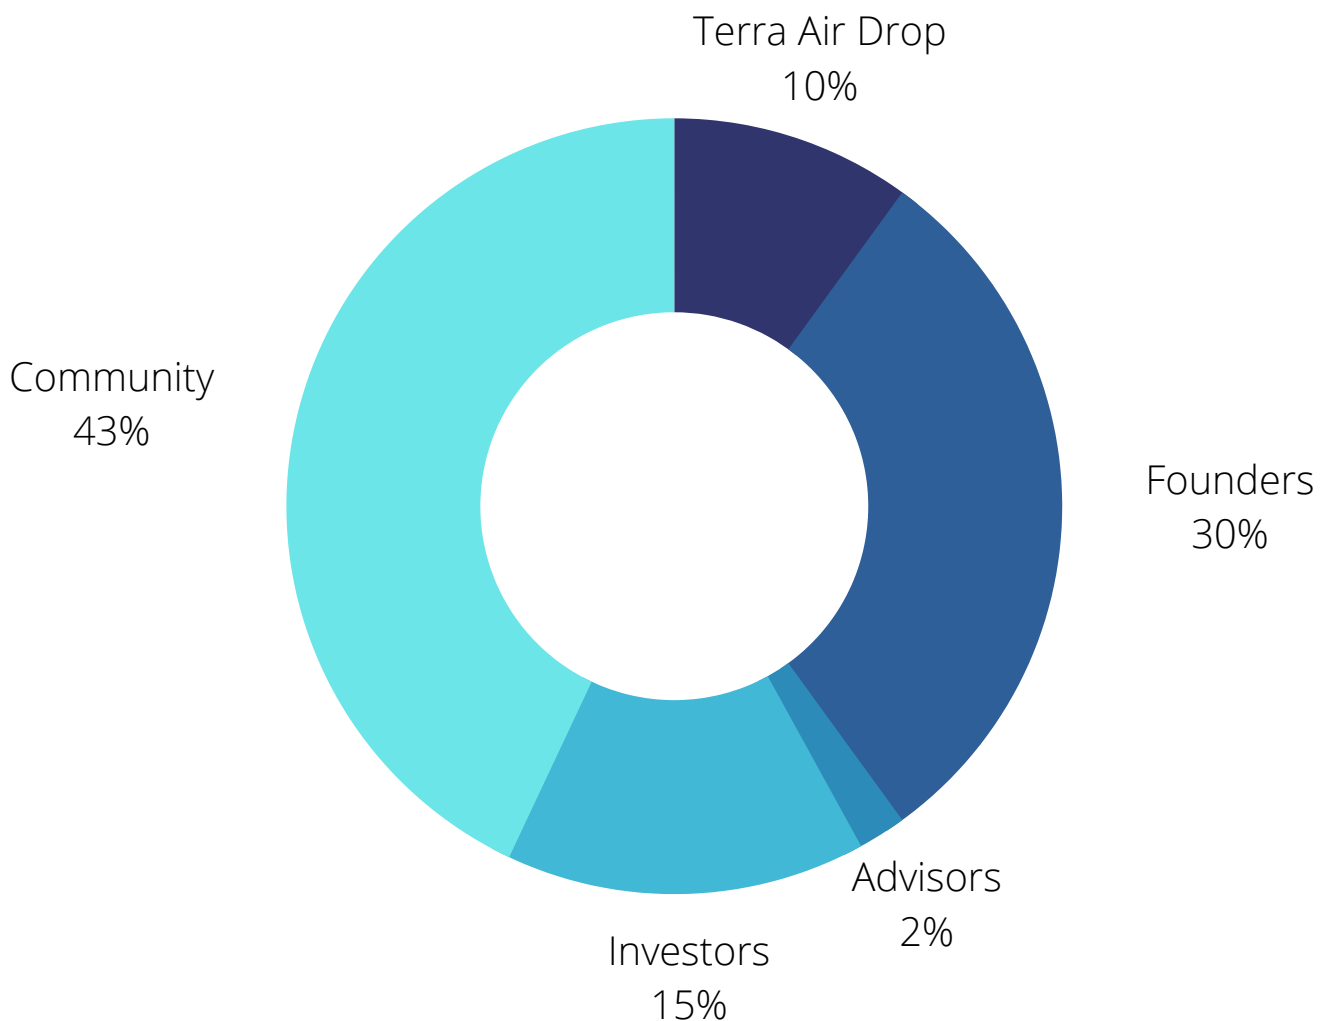

With a long-term perspective, DAO governors will ultimately drive the direction of JACKAL development. Areas of focus may include;

- Economic revisions
- Feature releases of products and services
- Governance structure

DAO ECONOMICS & GOVERNANCE

\$JKL TOKEN ISSUANCE

JACKAL will use the Pylon Gateway launchpad for a lossless investment into the JACKAL DAO. There will be 1,000,000,000 \$JKL tokens minted in aggregate. Distribution of supply will occur in multiple phases scheduled at different dates for diverse purposes. Allocation is as follows.

DAO ECONOMICS & GOVERNANCE

FOUNDERS

Members of the founding team will have a 3-year vesting schedule with the first vesting **DATE TBD**.

ADVISORS

Advisors will have a 3-year vesting schedule with the first vesting **DATE TBD**.

SEED INVESTORS

Seed investors will have a 3-year vesting schedule with the first vesting **DATE TBD**.

COMMUNITY

\$JKL token will be distributed to the DAO community members through various community programs governed by the JACKAL-DAO and network token rewards from vault strategies, staking, liquidity mining opportunities.

DAO ECONOMICS & GOVERNANCE

EARLY GOVERNANCE

The founders and advisors of JACKAL will be the earliest participants of the DAO. This will gradually grow to consist of investors, DAO contributors, and DAO service providers.

GOVERNANCE, PROPOSALS & VOTING

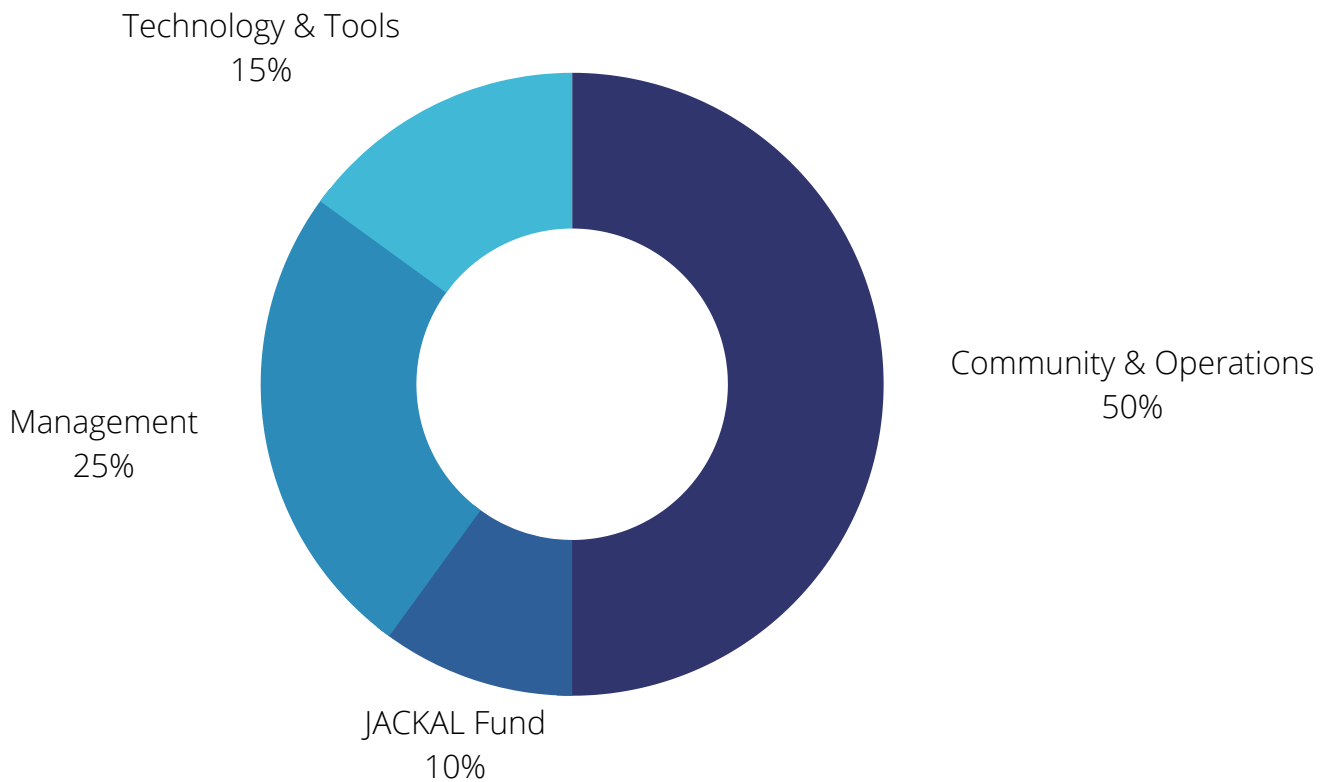

JACKAL DAO proposals and voting will likely be related to the following topics.

- Technology implementation
- Products & projects
- Token distribution
- JACKAL development
- Governance structure

DAO ECONOMICS & GOVERNANCE

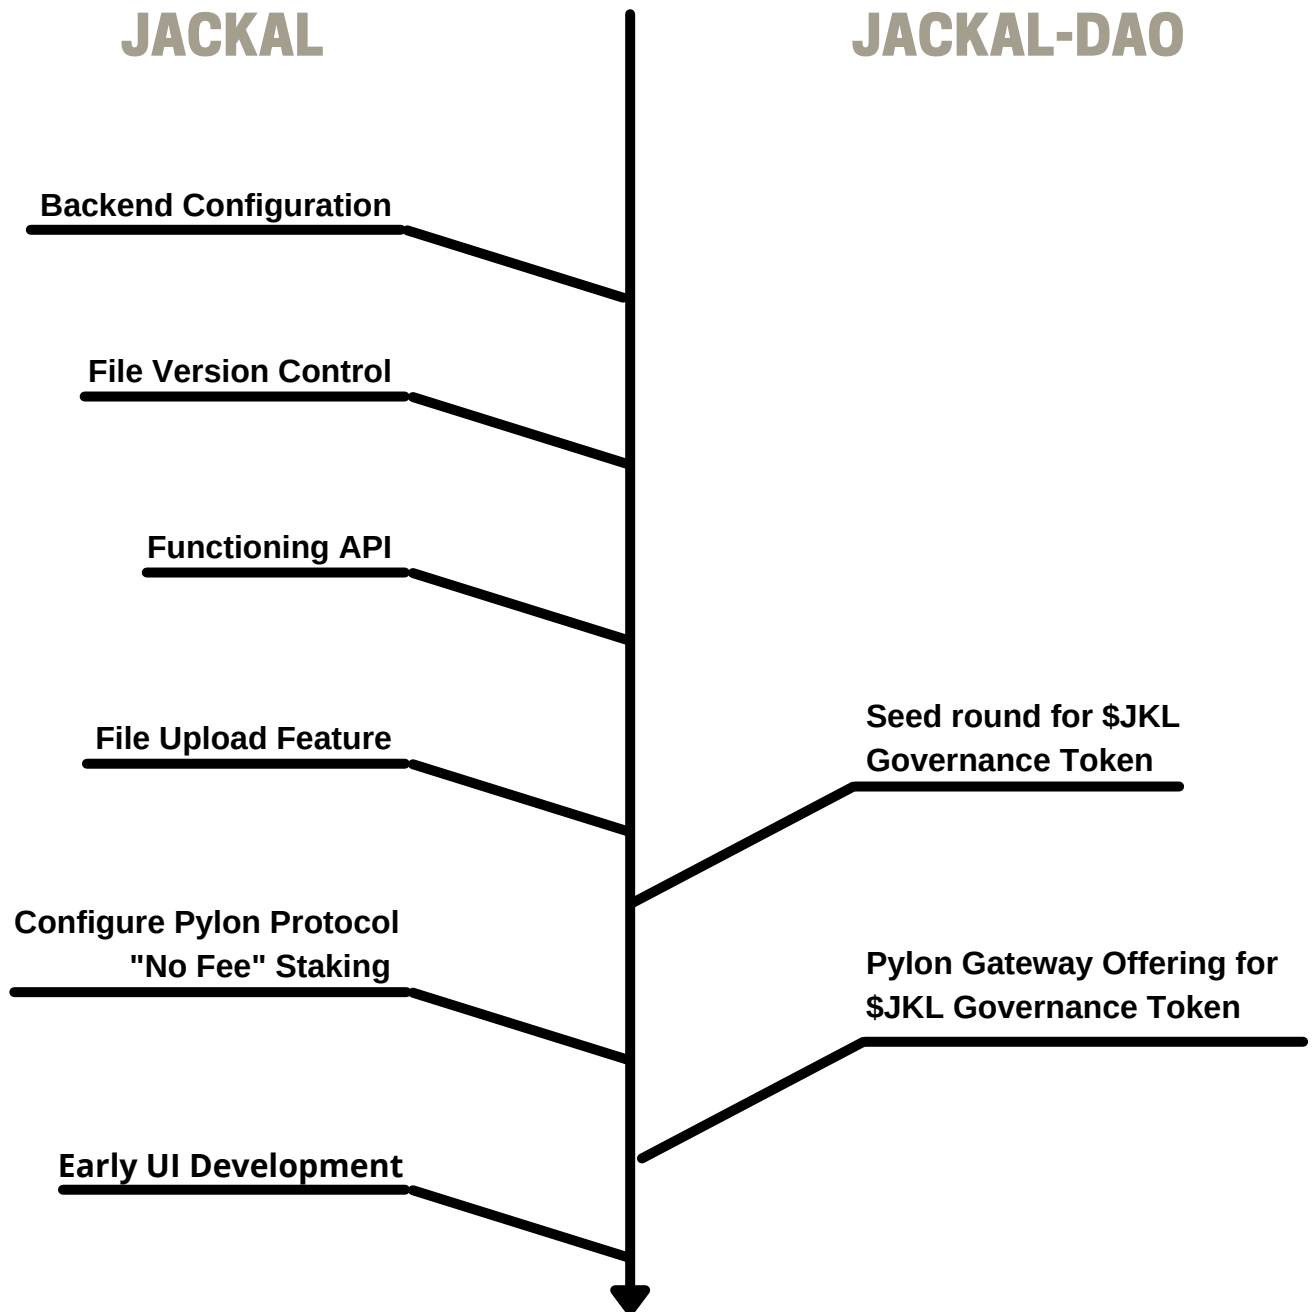

DISTRIBUTION OF REVENUE

JACKAL-DAO will be responsible for the distribution of funds from the JACKAL wallet on an ongoing basis. As a genesis distribution structure, the founding team has created the following distribution of revenue paid to the JACKAL wallet in \$UST from the yields generated with the Pylon Payment system.

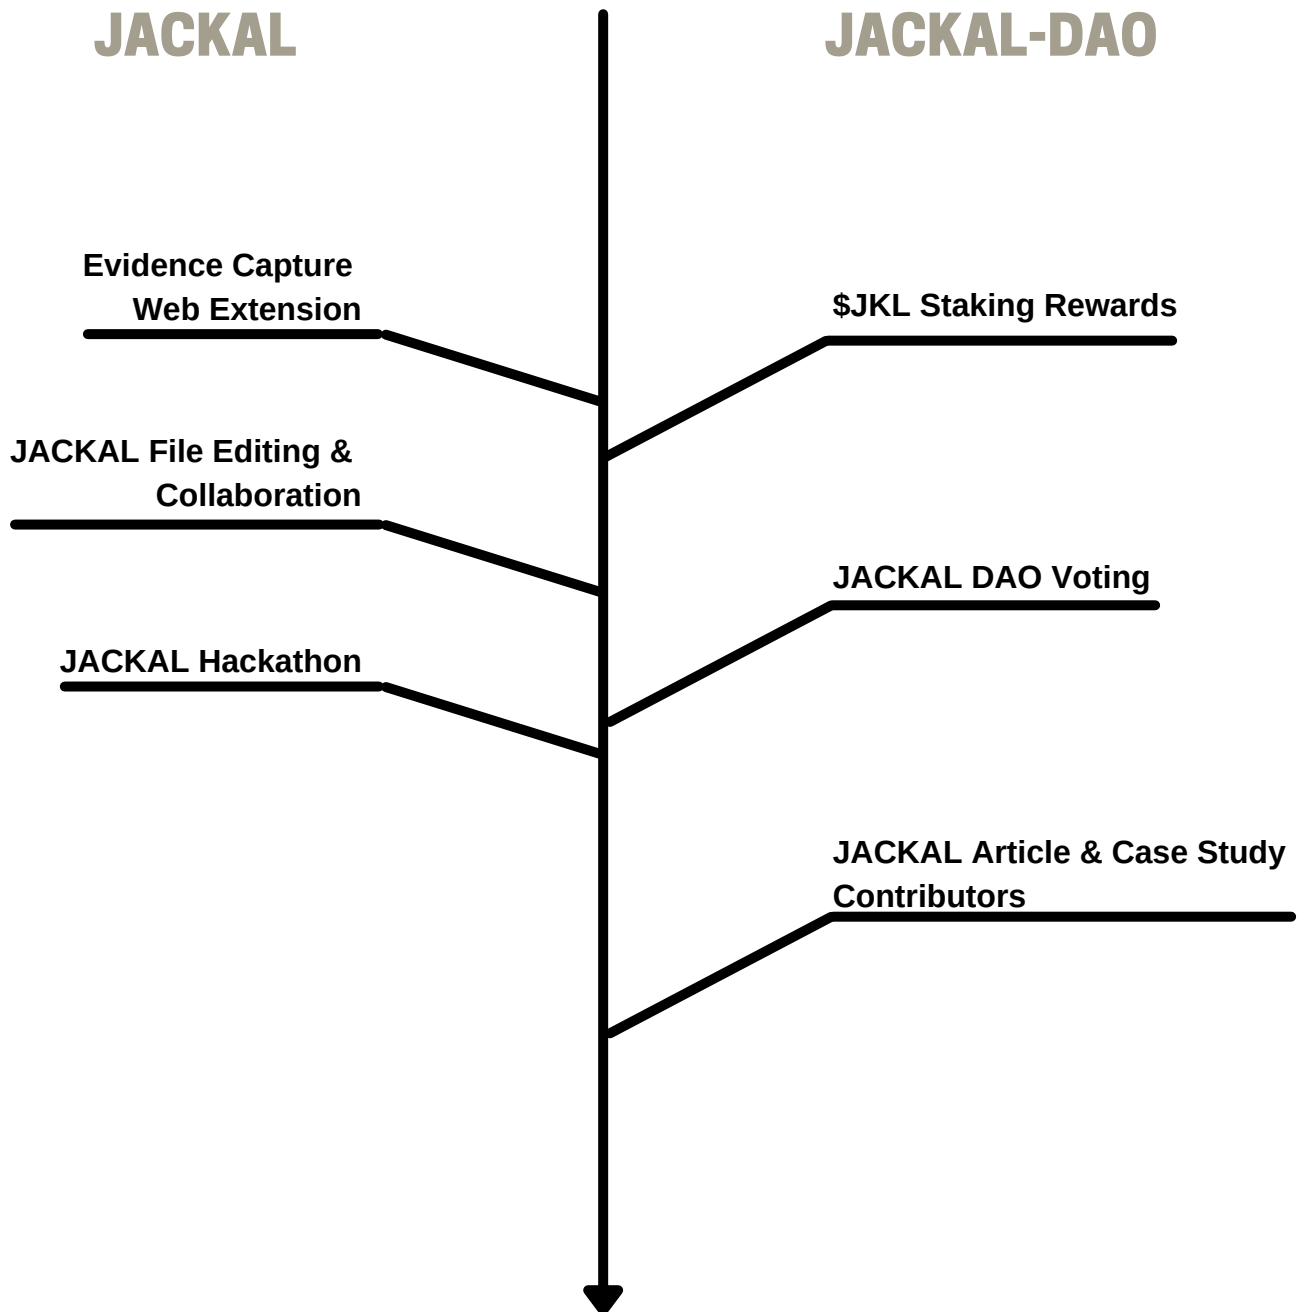

ROAD MAP

PHASE III

JACKAL

JACKAL-DAO

CONCLUSION

We believe JACKAL will provide ideal products and services that emerge from the confluence of state-of-the-art blockchain, decentralized finance technologies, decentralized autonomous organizations, cyber security, and forensics. JACKAL-DAO contributors can earn \$UST stable coin for their efforts and shape the DAO's features and future with earned or purchased \$JKL token. Bringing all these enabling technologies together presents a unique opportunity for the future of finance, real-world professions, and blockchain technology while providing an ideal fee-free payment system to our clients.

Welcome to the future of file storage, cyber security, and digital forensics.

DISCLAIMER

Please read this disclaimer section carefully. If you are in any doubt as to the action you should take, you should consult your legal, financial, tax, or other professional advisors.
